CIEC-CIDEC

Student Presentation ORAL DEFENSE

Grade 12 Student of CIEC-CIDEC, **Vu Hoang Phuong Linh (Alley)**, defended her studies regarding the Vietnamese Eco-straw Marketing and the importance in saving our environment. The Oral Defense was attended and reviewed by the School Director, Dr. Raymond Shin, CIDEC Principal, Mdm. Pureza V. Veloso MA. ED, Senior high-school Coordinator, Mr. Samuel Astacaan Escabarte. The success of the student remains in the continuous support of her instructors and the entire school staff. The CIEC-CIDEC offers Grade 1 to 12 special program that allows students to finish early or learn in pace that the student is comfortable without the limitations and time constraints.

Learning Beyond the Wall!

Students were able to experience the grand adventure of learning and encountering different marine creatures, insects, reptiles and other different animals in Cebu Ocean Park. CIEC-CIDEC Students were mesmerized by the various animals they could see in a close view. The student learning is not only limited to the four corners of the room but can also be taught everywhere!

Let your children grow and learn in a unique program and environment. Ensure your child's future in CIEC-CIDEC!

MATH-SCIENCE ACTIVITY CEBU OCEAN PARK

"Learning happens everywhere, not just in the classroom"

CEBU IVY EDUCATION CENTER

SCIENCE MONTH

The celebration of the Science month allows student to venture new knowledge and experiences that can cultivate new learnings and skills. An activity with a theme of “Science creates the future!” helps students to think of ideas and concepts about our world and the future. We let our students express their ideas freely and develop their critical thinking skills needed to be successful in the academic world.

Allow your children to grow independently and provide the freedom of learning that they can enjoy. Here in CIEC, we provide the quality education that your children needs!

We will continue to foster our students to succeed in life, to never stop learning, and to pursue their dreams!

THE THAI CAMP

16 students from Thailand started their course here in Cebu Ivy Education Center with a purpose of developing their English skills.

Their day starts with a morning exercise then joining their full packed schedule of 10 classes focusing in the macro and micro skills of English such as reading, listening, speaking, writing, grammar, vocabulary, Academic activities, and Diary Writing. The intensive camp program allows our student to focus on the development of their knowledge and skills.
