FAM TOUR 2019

40 different agents from Vietnamese visited CIEC to learn and experience the education system that the school can offer. Their interest in the different programs they can offer to various students especially to the juniors, will provide amazing opportunities and growth for them to achieve their goals and succeed in life.

Offering programs such as ACT, STEAM, IELTS, and CIEC-CIDEC provides students the potentials to study abroad and improve their English skills to Academic level.

Here in CIEC, we provide the best academic choice for junior students to succeed in their education and future careers.

Join the best school for all of your educational needs!

SETTING A NEW MILE STONE!

CIEC has commemorated our 2 year anniversary of success and development in providing quality education for all of our students. Providing opportunities to our students and clients have been the greatest achievement for CIEC. Students have joined the celebration by showcasing their talents in singing and dancing, from our kindergarten group to Grade 12 students.

CIEC have always encourage our students to participate, to learn independence, and gain confidence. Students have learned not only to develop their English and academic skills but also they have learned to improve themselves to be better and self-reliant.

The day was full of excitement and surprises for all the employees and students in CIEC. It was a memorable day for all as we commemorate another year of success and growth. We will continue to improve the school, offering the best service and education for all students to come.

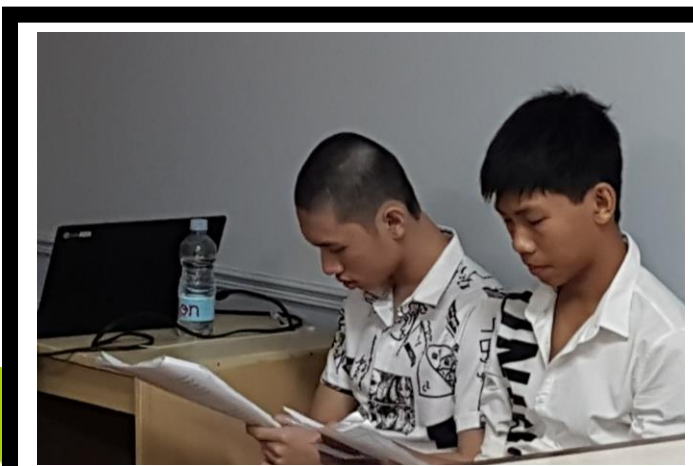

The ORAL DEFENSE

THE EFFECTS OF CEBU IVY EDUCATION CENTER REGULATION ON ITS WORKPLACE DIVERSITY

Senior High School students' Practical Research was successfully presented last November 15, 2019. The research group consisted of Korean and Vietnamese students working together to create a thesis about "The Effects of Cebu Ivy Education Center Regulation on Its Workplace Diversity". The research group collaborated in their oral defense in the presence of the CIDEF Faculty and CIEC administrators as their panelists.

Students' had undergone a series of procedures before they completed their research study. They work closely with their research participant which is CIEC. After continuous editing and proof reading, the students were able to practice their oral presentation and received a PASSING mark.

MOVING FORWARD

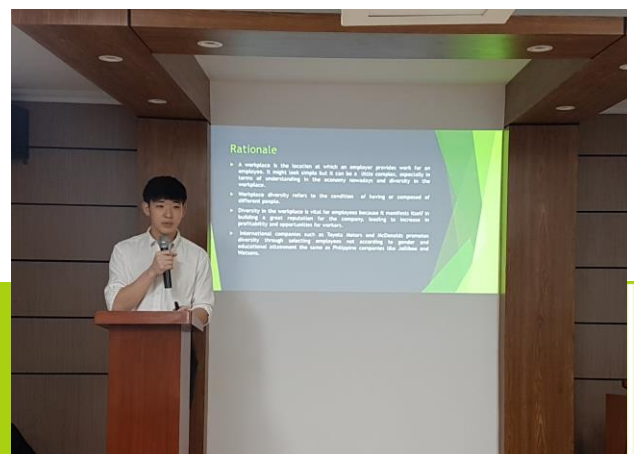

Lee, “Tony” Minwoo, who has studied Grade 10 to 11 in CIEC-CIDEC within 7 months and will be enrolling in Willowdale high school with the help of CIEC pathways. His goal is to study in Canada and finish his Grade 12 and enroll in various universities that offer engineering especially top universities in Canada. The school helps him plan his course of action to effectively conduct his studies that will align in his future plans.

He has successfully managed his time to finish all his CIDEC modules and improve his English skills to take the official IELTS test which he took last November 20, 2019. He will enroll in Willowdale high school in Toronto Canada to obtain Grade 12 certificate and with his official **IELTS score of 7**, he is able to achieve the score requirements and enroll for the University of Toronto after. CIEC-CIDEC is advantageous to students in terms of time-management, academic learning and skill improvement. With its well-organized class system and conducive academic environment, he is able to study and concentrate on his task effectively. CIEC-CIDEC allows the student to develop their English abilities and academic skills to pursue higher education. The school will continue to provide quality education to all students to succeed and achieve their goals.

THE JOY OF LEARNING

COOKING ACTIVITY

“Learning by doing”

The focus of the activity is to provide students a chance to practice their skills in comprehending English instructions and understand the basic skills to achieve the task.

These little chefs are able to enjoy in creating a simple dessert “Mango Float” for them to share with each other and to their parents. Through this activity, they are able to gain a sense of responsibility and leadership.

Let your children grow with confidence and skills. Let them explore the wonders of the English world here in CIEC.
