Next Step Forward

CEBU IVY EDUCATION CENTER

CIEC is prepared to give your children a brighter future with intensive programs developed to enhance their academic and social skills in order to achieve their future goals. English has become the most important medium in academic and working world. The school has equipped our teachers to give quality education to expand the knowledge and skills of our students.

“Education is the passport to the future, for tomorrow belongs to those who prepare for it today”

ENGLISH POWER

ENGLISH POWER

English has become the instrument of success. Using English allows you to broaden your world, experiences, and knowledge, from job opportunities to the ability to relate to people from different countries. The English language provides a possibility to continue studies in the best schools or universities around the world for your child/ children and opening new opportunities or specializations in your work place, which are in fact can assist you in achieving your goals.

“Education is very important to improve yourself but learning English also improves the quality of life.”

CIEC have opened different programs that suits your and your child/ children’s needs. Programs such as IELTS, TOEFL, and CIEC can open new opportunities in different schools abroad, Overseas School Program helps students adjust to the environment in going to an international or local schools.

Parents/ Guardians can have access to jobs that could not even take into consideration, any parents can assess an international career and you can live in many countries with the ease of being able to travel or negotiate to clients or business partners. The benefits the English language can bring in the life are countless. The most crucial to understand is that the English language is able to destroy a lot of barriers, including cultural ones.

The English language allows us to express and hence helps us recognize each other.

SAY IT LOUD!!! SAY IT PROUD!!!

DIANA GRADE 5

The CIEC Speech contest held on March 22, 2019 with the topic: The importance of English as a second language.

“Good day, everyone. I am Diana. Today, I’m going to explain why English important. English is important for many reasons. We have to learn English because this is a universal language for us, for those people who are not English citizen. We cannot communicate other people without English. Example, if you come here in the Philippines, and you cannot speak English, and you want to ask someone about something. How can you communicate? So, we have to learn English. And we can speak many things. Second, we can be a good and smart person because if we learn English, then we can go to a good university and we can get a good job. Third, English is world’s language now. So, if you go to another country but you can speak English and even if you don’t know how to speak their language, it is okay, because you can speak English in there. Then you can talk with foreigners. Fourth, we can make many foreign friends. Example, I and Katty are bestfriends. We can talk with English. Lastly, you can speak your opinion. Example, if I cannot speak English, then how can I talk with Filipino teachers? So, we have to learn English.

Thank you for listening to my opinion”

BOMI, GRADE 8

Hi! Good afternoon everyone! My name is Bomi. I’m here in front of you to deliver my speech about the importance of English as a Second Language. As we all know, we are living in the same planet but we don’t have the same language. So, is there a need for us to learn English? Is it really important?

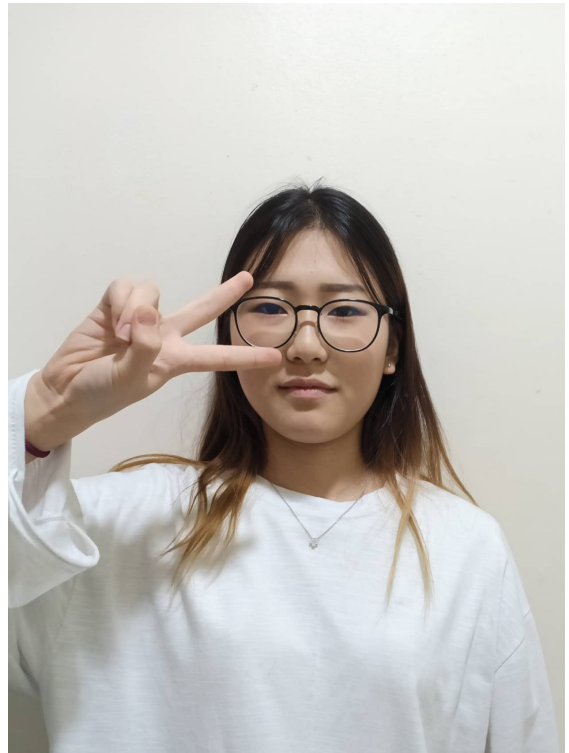

First, English is the most commonly spoken language in the world. Even though we have different nationalities, we still speak the same language to communicate with other people especially those people who are different from us, we use it to understand each other. Mostly, a billion people are using this language to communicate.

Secondly, it can be used around the world. English is learnt as the principal foreign language in most schools and it’s also essential part of the curriculum in some places like Japan and South Koera.

Lastly, you can say and explain things in hundred different ways because of its wide range of vocabulary.

Therefore, if you have the basics of English Language, you can make yourself understood every corner of the world.

Thank you and have a good day.

There are two more reasons why English is important for us as a second language.

First, we can promulgate our opinions and researches widely by speaking or writing it in English. It can have limit if we talked and wrote our opinions in our own language, because Korean is not that common language. But if we use English, situations can be changed. Most of the people will understand your ideas and accept it. To sup up, writing our achievements in English can be the most efficient way.

If we spread Korea and Korean's influence, foreigner's treatment to us will become better as well.

In addition, we can accept various developed knowledge from advance countries.

Historically, the country could become better by embracing the advanced culture of the other countries. The other way, Chosun's Heung Seon Dae Won Goon implemented national isolation policy to make Chosun's international crisis deeper.

Through this instance, we can learn that accommodating other countries' ideas is very important. As you all know, most of the paper is written in English, so developing our English ability is closely related with our learning.

Day by day, we can realize more about the importance of English. So I'll make an effort to develop my English ability a lot here in CIEC. Thank you

STUDY MASTER

CREATING YOUR FUTURE

THE ACADEMIC PROGRAMS

Choose your Programs that can help you achieve success:

Managed Program	Family Program	Overseas School Program
Intensive Sparta Course (Without Guardian)	Kindergarten	Immersion Course
Camp	Junior Academic Course	School Preparation Course
ESL Course for Guardian	- Intensive Sparta Course (With Guardian)	Overseas School Course + CIEC
ACT Program	Test Preparation Course	CIDEC Regular Curriculum Course

CHANCE TO STUDY ABROAD

Students in CIEC are given opportunities to reach their goals and succeed in life. With the programs the school provide, we ensure the students success in their academic studies. Through IELTS, TOEFL, Overseas Preparation Program, and CIDEC, our students are prepared to engage to the academic world abroad.

Being able to use English effectively allows the students to expand their horizon, experiences, and knowledge, from new opportunities to study, work, or live abroad and the ability to integrate with the life, people, and culture from other countries.

IMPORTANCE OF PREPARATION

With the school and student preparation, our academic team would also think the purpose, plan and prioritize. We arrange on what the student want to accomplish and why is that goal important. The parents and students plan should be specific and relative to their needs and desires.

CIEC prepares a customize long-term plan for the students starting with their enrollment. The start of the student's success begins with proper planning and preparation. The journey is never easy but with the assistance of the school and the support of the parents, it is easy for your child or children to achieve their goals.

Everything starts with a goal and if you don't have an action plan your goals are just dreams.

THE PARENTAL ADVISORY

A CAREER BOOST

Be competitive in the working world with the help of CIEC's Guardian Program. English has become a dominant business language and necessary for people to enter global workforce. English continues to be the universal language of business that helps boost your career.

If you speak only one language, job opportunities may be limited. When you are able to speak English, you're able to find jobs from different places.

The Parents and Guardians of our students have studied in Cebu Ivy Education Center to improve their English skills to help them in their current work or jobs and assist their children in opening new opportunities. CIEC offers different courses for the parents and guardians such as IELTS, BUSINESS, TOEIC, and ESL, to help them not only creating new opportunities for their children but also a future to reach their goals.

PARENT TO CHILD

PARENTS TO CHILD

The importance of Parents understanding the needs to their child or children helps nurtures the physical, emotional and social development of the child. Studying with your child or children creates a unique bond that every child and parent will can enjoy and nurture. The parent-child relationship establish the foundation for the child's personality, life choices and overall behaviour.

Parents must understand the importance of English language skills. Children are adept at picking up on parental attitudes. If children realize the adults in their lives don't think learning English is important, they will be less likely to approach the subject with a positive attitude.

Here in CIEC, we provide parenting support groups and guidance classes, showing that they are willing to educate not only the student and can make it easier for parents to involve themselves in their child's work at home. We believe that Parental involvement is a significant factor influencing students' educational development.

"In CIEC, we continue to care."

NEXT STEP FORWARD

1

Surround yourself in English

English we use today is constantly adapting and evolving, so we continue to explore and design programs that keep our students up to the challenge of the constantly evolving language, with the collaboration between our two departments, Academic and Research & Development, to attain the required proficiency level of our students.

In CIEC, we encourage our students to speak English at all times, including teachers & staffs, in observance of our English Only Policy, placing themselves in an all English speaking environment where they can learn actively. The best way to learn is through speaking.

2

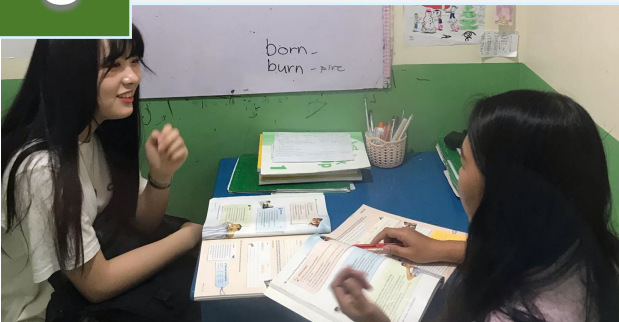

Make a study plan

By practicing the 4 core skills: reading, writing, speaking and listening. CIEC Programs and methods have been successful in the past. We have students who are under Sparta, camp, kindergarten, junior academic, ESL, Overseas school, K-12 Regular Curriculum, IELTS, TOEFL and online programs. We determine the right program and enroll our students to it.

3

Immerse yourself in English

In CIEC, we evaluate our students' level of learning. Our syllabus includes worksheet to be accomplished, quizzes and unit test to be taken. And in every stage of our evaluation, we conduct progress tests to determine the students achieved level.

4

Test your English
