Happy holidays from our family to yours!

A message from the president:

Dear Parents and Partners,

I would like to take this opportunity to wish everyone a Happy Christmas and a peaceful New Year. Thank you all for your support and encouragement since the start of the school. I would like to thank the students and teachers for their dedication and hard work to make the school a better

educational training ground for skills and career development. CIEC will continue to grow to provide quality education to our students for their future endeavors and success.

To a successful future!

Our goal is to create an educational environment that is built on high quality standards in developing the student as a whole- emotionally, socially, and academically. We will continue to provide stimulating programs that is flexible and customized to the needs of every student and strive for a higher academic results. Our trained teachers will

ensure the growth in confidence and skills that is needed for their academic success. To our future students, we hope that you will be able to participate and become part of our growing family.

- **Mr. Kihoon "Bruce" Shin**
CIEC President

'TIS A SEASON TO BE JOLLY!

On Monday Dec 25th the pupils of CIEC performed a Christmas Nativity musical and Frozen musical for parents and teachers. The children enacted the Christmas story beautifully through song and dance. They were a credit to their parents and their teachers are very proud of them. This was organised by the very active teachers and was a great success. The sense of community spirit and friendship was very evident and a joy to behold. Our thanks to all who helped with organising the night and to all who supported us.

Historical and Cultural Significance of Banh Chung to Vietnamese Families

by NGUYEN DUC PHAT, JANG YEBIN,
NGUYEN THUY BAO HAN, TRAN DINH
KHANH LY

Our students prepared a study and presented it to the teachers and panel members from CIDECE and CIEC. Students in CIEC are taught and trained to be confident and effective speakers in order to succeed academically. Starting from formulating a problem, creating questions that they used to interview their subjects and presenting their studies, they have gained self-reliance and independence in studying.

Their research is about food culture which refers to the practices, attitudes, and beliefs as well as the networks and institutions surrounding the production, distribution, and consumption of food. It encompasses the concepts of food ways, cuisine, and food system and includes the fundamental understandings a group has about food; historical and current conditions shaping that group's relationship to food; and the ways in which the group uses food to express identity, community, values, status, power, artistry and creativity.

"An Oral Defense is an oral examination in which a student defends his/her theses to an audience of experts as part of the requirement for his/her degree."

New Year Activity 2020

CIEC has prepared activities for the students for the holidays. These students are staying in the school without their parents and have been gained confidence and independence in studying by themselves and succeeding in their goals, with the assistance of CIEC, these students have learned the importance in preparing for their future.

CIEC will continue to take care of our students both in academic and social lifestyle. We will continue to teach them the skill necessary for them to succeed in their future careers.

STUDENTS OF THE NEW SEASON!

Season's greetings!

We would like to welcome our new students in CIEC which chose to study and improve their English and academic skills.

The best way for a successful future is to plan and prepare ahead! Parents are ready to give the best to their children and CIEC will provide them the best education system to achieve their goals.

THE SCHOOL PREPARATION COURSE.

The course focused in improving the student's skills in both social and academic level. Subject such as Math, Science, and English are the most common entrance test in international schools. Including the interview with the students, this will determine the adaptability of the student to adjust to a school with an international setting.

Preparation is the key to success and CIEC will assist all our students and parents in achieving their

Success Stories

Congratulations to **YUYU SUGIMOTO** (G6) for passing CIS (Cebu International School) entrance exam last December and will start on JANUARY 10, 2020. She started studying SCP (School Preparation Course) last September 16, 2019 and took the entrance test last November 5 and 14, 2019.

NENE SUGIMOTO will also start KINDERGARTEN in CIS. She attended the kindergarten course in CIEC that helped her adjust in an international environment.
