

FREE FROM THREAT

“THE COUNTRY REMAINS FREE OF THE CORONAVIRUS”

ZERO CONFIRMED CASES

The Department of Health in Philippines stressed there is no confirmed case of coronavirus—countering claims circulating online.

HEALTH AND SAFETY

Philippines, especially Cebu, is clear from the hazard of the Coronavirus and is very vigilant in preserving the safety and health of the people in the country. Any person suspected with a virus will be monitored and treated immediately.

SAFETY MEASURES

Mactan-Cebu International Airport Terminal implements strict precautionary measures against novel coronavirus (nCov) as they monitor arriving passengers from different countries using thermal scanners.

The Philippine Immigration Bureau ordered a temporary suspension of "visa upon arrival" or VUA issuance to Chinese nationals amid the spread of the deadly novel coronavirus.

CEBU TASK FORCE ON CORONAVIRUS THREAT.

Cebu Governor has created a task force to protect against the threat of the coronavirus. The government is focusing to strengthen the preventive aspect of health and safety for the people in Cebu.

CIEC

Preventive Measures

The school has implemented special precautionary measures to avoid acquiring and spreading illness around the school. Starting with the distribution of facemask and availability of alcohol around the campus helps students and teachers awareness regarding health and safety.

Precautionary measures

Health and Safety orientation for all students.
